

ISS 2016

Ionothermal Synthesis Symposium 2016
Exploiting Ionic Liquids for Advanced Materials Synthesis & Design
Potsdam, September 28 – 30, 2016

First Circular

ISS 2016 covers all aspects of ionic liquid-based materials synthesis from nanoparticles to bulk materials and hybrid materials based on ionic liquids. ISS 2016 is co-organized with the German Priority Program 1708 „Materials Synthesis near Room Temperature“ and strives at bringing together international experts from the field of ionothermal synthesis and beyond.

Organized by
Andreas Taubert - University of Potsdam
Michael Ruck - Dresden University of Technology

Invited Speakers

Russell E. Morris (St. Andrews / UK, confirmed)
Jairton Dupont (Porto Alegre / BR & Nottingham / UK, confirmed)
Margarida Costa-Gomes (Clermont-Ferrand / F, confirmed)
Barbara Kirchner (Bonn / D, confirmed)

Program

| | |
|--------------------------------------|---------------------------|
| September 28, 2016 – 1 pm | Opening |
| September 28, 2016 – 1 pm to 5:30 pm | Oral presentations |
| September 28, 2016 – 6 pm to 9 pm | Buffet & Poster Session |
| September 29, 2016 – 9 am to 6 pm | Oral presentations |
| September 30, 2016 – 9 am to 2 pm | Oral presentations |
| September 30, 2016 – 2:30 pm | Closing |
| September 29, 2016 | Conference Dinner |

Conference Venue

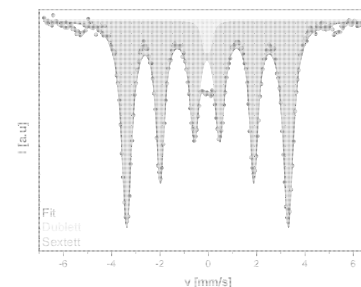

Hotel Mercure
Lange Brücke
D- 14467 Potsdam / Germany

Conference Fees

| | |
|-------------------------|---------|
| Regular Participants | 260 EUR |
| Students & PhD Students | 130 EUR |

Important Dates

| | |
|----------------------|--------------------|
| Registration opens | May 23, 2016 |
| Registration closes | September 3, 2016 |
| Final Program online | September 10, 2016 |
